

Nat Nguyen

Product Designer (UX/UI)

OBJECTIVE

Product Designer with a strong foundation in user-centered design and passionate about integrating AI into workflows. Pursuing a BA in Global Business and Digital Arts at the University of Waterloo.

EXPERIENCE

Marketing Designer

King's Pastry

Sept 2025 - Dec 2025, Mississauga, ON

- Designed wireframes and high-fidelity desktop and mobile landing pages to support new product launches
- Used AI tools to assist with front-end coding and implemented Google Analytics to track performance and user behavior
- Conducted competitive analysis and market research to inform design and product decisions
- Collaborated on marketing assets for digital and print campaigns

UX/UI Design

Sun Life uXperience Design Sprint

Nov 2024, Waterloo, ON

- Completed an end-to-end UX/UI design for a mobile budgeting app during a 12-hour design sprint
- Created user personas, journey maps, and low-to-high fidelity wireframes using Figma
- Designed a clean, intuitive interface for young Canadian parents
- Earned 3rd place out of 100 students after presenting the final prototype to industry judges
